

# Weathermaster FCU6

Fixed single or multi canopy umbrella

*Weathermaster®*

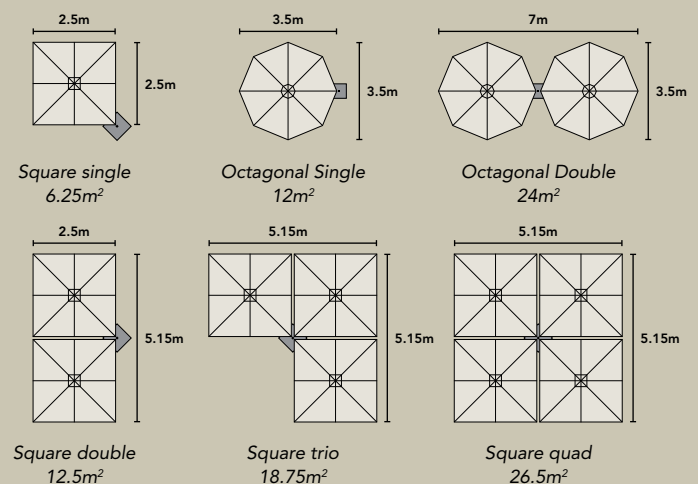

## Outdoor magic by Weathermaster

Whether you need a little shade or a lot, the Weathermaster FCU6 umbrella can be configured to fit your shade situation. Innovative design combined with premium quality materials that will survive the test of time.

### What's great about this umbrella?

- Choice of canopy shape – square or octagonal
- Heavy-duty extruded aluminium mast supports up to four square or two octagonal canopies
- No centre pole, so furniture arrangement is easier
- Up and down with one easy movement
- Premium fade-resistant fabric in a range of contemporary colours
- Optional fabric rain gutter to increase weatherproof area when two or more square umbrellas are sharing a mast
- Two fixing options – in ground or surface plate
- Easy-fit cover for protection when not in use
- Three-year guarantee

### Choose the right shade solution for you

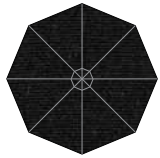

Approximate square metre coverage of FCU6 configurations.

## Features and options

### Colour range

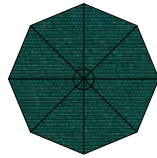

Premium 100% solution-dyed 290g/m<sup>2</sup> waterproof acrylic with high colour-fastness. Fabric is washable and replaceable. For commercial use, screen-printed branding is available on request.

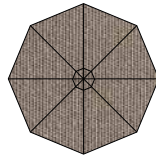

**Raglan Black**

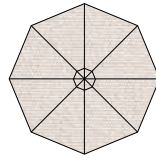

**Bayswater Blue**

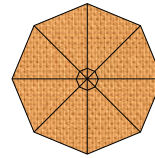

**Fiordland Green**

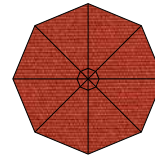

**Tarawera Taupe**

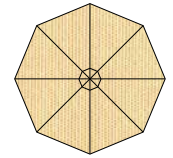

**Eastcoast Sand**

**Kerikeri Orange**

**Titirangi Terracotta**

**Golden Bay Yellow**

The above colour representations have been printed as accurately as possible. Actual fabric colours may vary slightly.

### 1 Protective cover

All-weather cover protects mast and canopy.

### 2 Rain gutter

Optional fabric rain gutters for use with adjoining square umbrellas.

### 3 In-ground anchor

Stainless steel and aluminium anchor secured into concrete.

### 4 Surface anchor

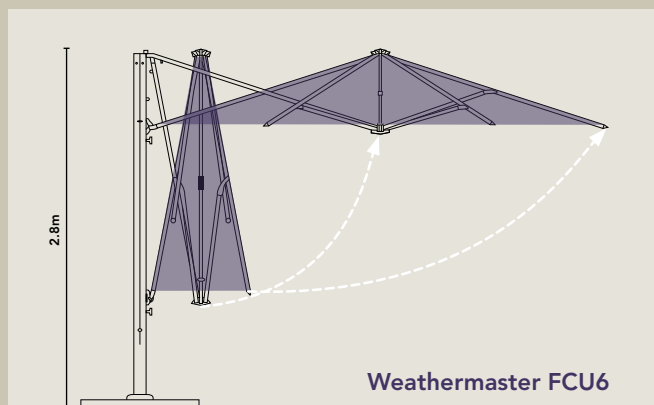

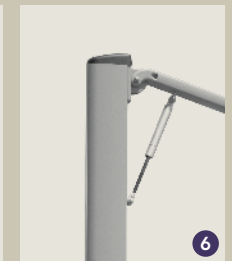

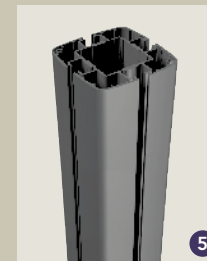

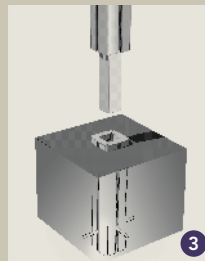

Hot-dipped galvanised steel plate secured onto existing wooden deck or concrete.

### 5 Multi-umbrella mast

Heavy-duty extruded aluminium mast finished in matt grey powder-coat. Can support four square or two octagonal umbrellas.

### 6 Gas-assisted single-movement sliding system

Effortless opening and closing. If your umbrella will be located in a coastal environment, you can upgrade to a stainless steel strut.

**Weathermaster FCU6**

### Guarantee

New Zealand Window Shades limited guarantees the Weathermaster FCU6 for a period of three years from the date of purchase.
